## Neulot

Our core speciality is high value infrastructure projects where we can package turn-key solutions. As an international company we have worked in a number of countries and are experienced providing solutions tailored to your needs. We are dedicated to delivering projects on-time, safely and with a superior finish. We pride ourselves on our direct and open dialog with our clients to ensure you are informed and satisfied. We always remain client focused, cost conscious, and project aware.

### Who we are

Neulot is a Irish based Construction Company providing services on an international scale. Specialising in Facade installation and construction, we focus on delivering Quality, Integrity and Accountability for world class projects.
